

Generating Value from Personal Data Pods

A SOLID story

- Building applications
- Founded in 1998

Software development

- Building blocks
- **Reusing** blocks
- Glueing blocks together
- Glueing data together

{mUze}

A rising tide lifts all boats

SOLID

No getting rich quick
scheme yet

{muze}

We are not big tech

“Winning is not enough. All others must lose”

OSS or FOSS?

Cooperate!

{mUze}

SoLiD

- Identity - \$
- Application
- Data

{mUze}

Trust: identity

Who are you?

Image by The New Yorker (1993)

{mUze}

SoLiD

- Identity - \$
- Application
- Data - \$\$

{mUze}

Data in Solid

- Ownership
- Control
- Linked Data

FAIR data

- Findable
- Accessible
- Interoperable
- Reusable

{mUze}

Data is money?

It has value:

- To some
- For you

Increase value

- Reuse data
- Combine data
- Share data
- Analyse data

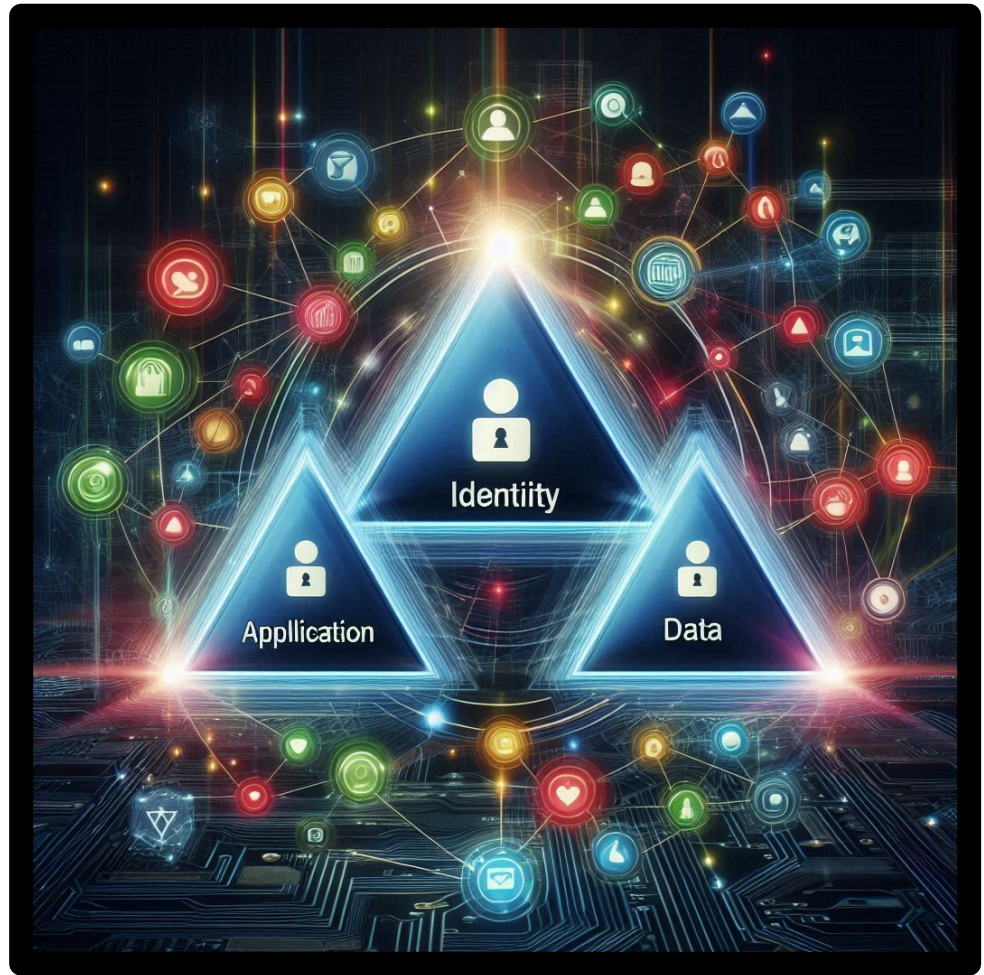

{mUze}

SoLiD

- Identity - \$
- Application - \$\$\$\$
- Data - \$\$

{mUze}

Applications

- Keep sauce secret
- Algorithms
- Create the best application

{mUze}

Bonus: selling picks and shovels

- POD hosting
- Solid Servers
- Tooling
- Libraries
- KYC
- VC tooling

{mUze}

TL;DR

- Multiply
 - Do not divide
 - Do not add
 - Do not subtract
- Help eachother
- Share data
- Let's rise together

{mUze}
